

Ultrasound Exam Preparation

Preparation for your ultrasound study will depend upon the type of Ultrasound exam you are having:

Abdomen, Liver, Gallbladder, and Pancreas Ultrasounds: DO NOT eat or drink anything 6 hours prior to your study.

Pelvic Ultrasounds: Please arrive with a full bladder. Finish drinking 32 ounces of water 1 hour prior to your exam. Do not empty your bladder. If your bladder is not full, the exam may need to be delayed or rescheduled.

Kidneys (Renal) Ultrasound: Do not eat or drink anything for 4-6 hours before your ultrasound.

Echoes, Carotid, A/V ABI and All Vascular Studies, Thyroid, Scrotum, Hernia, Blood Clots, Musculoskeletal,: No preparations are necessary.
